

Role: HSQE Advisor

Location: London

Salary: Competitive

The Role:

We are seeking a HSQE Advisor to join our growing water and wastewater business in the UK.

Main Duties and Responsibilities:

- Continuous promotion of Health, Safety, Quality and Environmental (HSQE) standards on projects.
- HSQE Project and documentation support including preliminary and construction stage safety and health plans.
- Ensure compliance with current environmental, health and safety legislation and maintain awareness of legislative changes and industry standards.
- Obtaining and reviewing safety documentation from clients, suppliers and subcontractors.
- Preparation of tender and pre-qualification documents for future work.
- Carrying out site inspections and generating reports.
- Liaising with clients.
- Assist the site team in the preparation of method statements, risk assessments and associated documentation and records.
- Preparation and delivery of site tool box talks.
- Daily/weekly reporting to the HSQE Manager and project management staff.
- Conduct incident/accident investigations and prepare reports for internal/external purposes.
- Provide HSQE advice and direction to staff and contractors, liaising with site personnel.
- Compilation of safety files and O&M manuals.

Requirements:

- Hold a recognised HSQE qualification;
- Minimum of 3 years HSQE experience;
- Excellent interpersonal and communication skills;
- Excellent planning, organisational, training, teamwork, problem resolution and presentation skills;
- Excellent literacy, numeric and IT skills including proficiency in Microsoft Office;
- Full, clean driving license.
