 - Manage the budget against the target cost identify and escalating any changes within the target cost
 - Management of Health & Safety throughout the project
 - Forecast resource levels throughout the project cycle and report this to the Framework manager
 - Management and development of team members

- **Responsibilities:**
 - Maintaining profit margin against target cost
 - Agreeing levels of resource against the programme

- Site Health & Safety including management of the Health & Safety files
 - Environmental management
 - Maintaining Governance against company procedures
 - Agreeing the programme & schedule of works
 - Collaborating with all stakeholders engaged within the project
 - Ensuring production of all documentation required to manage the project in line with CDM requirements
 - Compilation of Weekly / monthly reports as dictated by the project
 - Monitoring of design outputs against the design deliverable schedule including remedial cause of action as required.
 - Collaboration and management of the client throughout the project cycle
 - Confirming that all regularity standards are adhered to
 - Technical governance and sign off is adhered to
 - Evaluating scope of work and highlighting business risk
 - Managing/eliminating business risk
 - Chair collaborative meetings
 - Management of budget
 - Liaison with site team
 - Manage team expectations and outputs
 - Manage client expectations
 - Any other duties that are commensurate with the position as may be assigned from time to time.
- Experience/Qualifications Needed:
 - 10 years demonstrated Project management experience
 - Experience of managing multidiscipline teams
 - Experience of managing Multiple small projects or single larger projects
 - Bachelor's degree in a MEICA, Civil or Environmental Engineering.
 - Project Management Professional Certification (PMP, APM)
- **Personal Attributes / Values:**
 - The following are the key personal attributes and values we are looking for;
 - Driven individual
 - Proactive / can-do attitude
 - An organiser who can coordinate on multiple fronts
 - Structured thinker
 - Client-focussed
 - Facilitator of innovative thought and ideas
 - Strong leadership qualities
 - Both technical and commercially minded

- **What we offer you:**
 - Competitive Salary
 - Bonus incentive linked to KPIs.
 - Opportunity to join an ambitious company at the early stages of their growth phase in the UK market.

- **Appointment:**
 - Role based in Yorkshire. (Other locations considered to support our Frameworks)
 - Permanent role Preferred.
